Hold on tight, breathe in deep

Today will be a memory someday

MEET YOUR PHOTOGRAPHER

Hello, Friend!

You want encouragement and direction– I've gotcha.

A comfortable and enjoyable photography experience— yup.

Capturing the true essence of your family – absolutely.

I will turn your nerves about being in front of a camera (I get it!) into a feeling of confidence and comfort.

I am so excited to begin this journey with you! My passion is to capture beauty in everyday life so that families have memories to treasure forever. Thank you for giving me the honour of capturing these memories for you! In this Guide you'll find everything you'll need to know about booking your session.

Have more questions? I'm here to help!

Best,

Meliza Orellana

WHAT TO EXPECT

during your experience

01 BEFORE

We'll have a consultation to chat about the location, makeup, wardrobe and anything else you have questions about.

If your session is outdoors, about a week before your session, you'll receive an email with directions for how to get to the location and where we will meet. If you have any questions leading up to your session, feel free to reach out!

02 DURING

During our time together, you can expect your favourite treats during your makeup application. It's a relaxing time and is meant to create a nice, comfortable start to the session. During this time your partner will take care of kids, pets and anything else that needs taking care of.

During the photo shoot, there will be a fun energy, lots of funny noises (if your kids are into that!), and probably some dancing/ tickling/ snuggling as I snap photos. I will pose you and tell you what to do with your hands, so you won't have to worry about any of that. I take LOTS of photos to make sure I get the great shots we need.

03 AFTER

You can expect your photos to be sent to you in an online gallery via email 2 weeks after your session. This is when you choose your Collection and the final payment is made. Approximately 3 weeks after your Collection selection is made, your final images will be delivered along with your heirloom products.

STOP WORRYING ABOUT THESE

once and for all...

01 "I'M NERVOUS ABOUT HOW I LOOK."

It's the number one thing I hear from moms. Looking back one day your kids will only care that you were in the picture. Trust me to make you feel beautiful. That's my job. And I'm good at it! I've been doing makeup for nearly 20 years and in that time I've learned how to make my clients feel their very best while still looking like themselves. You're in good hands.

02 "MY HUSBAND ISN'T EXCITED."

Ha! Neither is mine when we take family photos. But he always leaves going, "that wasn't so bad, thanks for scheduling that." And I can guarantee yours will say the same. It's my job to make sure the entire thing is easy breezy, including for your husband. I'VE GOT YOU.

03 "MY KIDS ARE WILD."

I hope they are! Again, so are mine. I'm good at showing up with fun ideas and little "games" to get your kids laughing, engaged, and generally having fun. I also know when to let kids take breaks when they need them. Every child is different, but let me worry about that part, not you!
